

Aquaphalt® Patch Material

**55 Lb. AquaPhalt®
6.0 Concrete &
Asphalt Patch**

Aquaphalt® is the first cold-mixed, permanent repair material that is enduring, high-performing and 100% environmentally friendly. Aquaphalt® can be laid directly from its container, so no need for big equipment or crews.

Repair In 3 Easy Steps

- 1** Remove all loose debris and sweep/blow clean for the area to be patched and pour Aquaphalt® in hole.
- 2** Soak material evenly with water. 1 gal. of water per container is recommended.
- 3** Compact to a smooth finish with a hand-tamper or roller.

Multiple Benefits

- Easy to use
- 3 Year Warranty
- Eco-Friendly
- Drive on immediately
- Works in any weather condition
- Binds with the asphalt or concrete around it
- Won't rip out like cheaper alternatives
- Repairs potholes, pavement, utility cuts, walkways, driveways and tennis courts
