

## COOLING SYSTEMS FOR Multi-Family Properties

Your tenants deserve a top-notch cooling system that never fails to beat the heat.

You can count on Ace to provide responsive service and a streamlined buying process to make sure your property has the latest in climate control technology.

- Perfect Aire products are reliable and built to last, so you can be confident your building will be properly cooled on even the warmest days
- Ace carries a wide variety of sizes, styles and models to fit any application, with the accessories you need for a seamless installation
