

Marking and Striping

RUST-OLEUM®

Make your mark with the **DEPENDABILITY OF RUST-OLEUM®**

Businesses rely on Rust-Oleum® products to enhance employee and customer safety onsite. Whether you need to increase visibility, prevent rust on metal objects, or mark the location of a project, your local Ace associates can help you find the Rust-Oleum® marking paint that's right for you.

Multiple Benefits

- Options for temporary or long-lasting lines, suitable for concrete, grass, brick, or dirt.
- Protects surfaces from the elements with UV and water-resistant options.
- APWA and OSHA color options, as well as paints that are USDA acceptable.
- The tools you need to stripe your surfaces the right way, every time.

Rusty or faded parking lots and features can reduce patron safety and repel potential customers from your business. Rust-Oleum® and Ace will make sure that your surfaces remain fully coated and visible while keeping away the elements.
