### **Great Lakes Ace Newport is Moving to Better Serve the Neighborhood**

Newport, KY May 7, 2021 – Brad Baker, Manager of Great Lakes Ace Newport announced today that the store will be relocating in June. This move is a great opportunity to better serve customers and the neighborhood. The new location is in what used to be A.C. Moore and is less than one-half mile from the current location on Monmouth Street in the Newport Shopping Center.

The new location is much larger which will allow expansion in a number of key product offerings according to Baker. Customers will be sure to notice the greatly expanded Bar-B-Que department upon entering the new store. There will be an expanded floor display that will include Weber, Traeger, Big Green Egg, Blackstone and more. In addition to the grills, the store will stock a full line of accessories and fuel making the store a one stop destination for backyard Bar-B-Que.

For both Pro and DIY customers, the wide selection of Milwaukee and DeWalt power tools will be inspiring. The basic fastener aisle will also be 30% larger, thereby providing those necessary nuts and bolts to keep projects moving.

Other exciting additions include a wide selection of Carhartt active and work wear, as well as a full line of EGO battery powered outdoor equipment.

The new location is currently under construction and plans are to move into the new location by mid-June. Progress on construction and a specific opening date will be announced on Facebook at: [facebook.com/acehardwareNewport](https://facebook.com/acehardwareNewport). Information is also available at the current location.

Expansion also means additional employment opportunities! Stop into Great Lakes Ace to discuss those opportunities with Brad Baker or visit the careers page at [greatlakesace.com](https://greatlakesace.com).

Great Lakes Ace Hardware began operation in Dearborn, Michigan in 1946 and has a history steeped in the traditional American tale of hard work and reinvention. The company provides local neighborhoods with access to national brands such as Scotts, Benjamin Moore, EGO, Milwaukee, Weber, Traeger, and others, while providing customers with a localized product mix and a friendly neighborhood hardware store experience. It has been part of the Ace Hardware Cooperative since 2014. For more information about Great Lakes Ace Hardware visit [www.greatlakesace.com](https://www.greatlakesace.com)
