

KNOW HOW IN NO TIME

Mulching Your Garden

Tools/Materials Needed:

- | | |
|--------------------------------------------------------------------|--------------------------------------------------------------|
| <input type="checkbox"/> Scotts® Nature Scapes® Triple Shred Mulch | <input type="checkbox"/> Ortho® Weed B® Gone |
| <input type="checkbox"/> Rake & Wheelbarrow | <input type="checkbox"/> Heavy Duty Scissor Or Utility Knife |
| <input type="checkbox"/> Landscape Fabric/Preen Weed Preventer | <input type="checkbox"/> Lawn Edger/Spade |
| <input type="checkbox"/> Outdoor Landscape Work Gloves | <input type="checkbox"/> Garden Hose |

Tips:

- 1** Use the spade/edger to lay out the pattern of your project.
- 2** Measure width and length that will be covered with mulch.
- 3** Spray area with weed killer.
- 4** Spread landscape fabric anchor in place or spread weed prevent down across area to be mulched.
- 5** Work fabric around trees, plants and flowers, cutting as needed.
- 6** Lather mulch approximately 3 inches deep evenly across the garden area.
- 7** Use gloves on colored mulch to prevent staining of hands.
