

KNOW HOW IN NO TIME

Securing Your Property With ring

Tools/Materials Needed:

- Ring Video Doorbell
- Ring Stick Up Cam
- Ring Solar Panel
- WiFi Connection
- Variable Speed Drill
- Drill Bits (size depends on anchor size)
- Philips screw driver bit
- Ring Smartphone App (Found on iTunes/Android)

Tips:

- 1** Follow installation instructions for Ring Video Doorbell and Stick Up Cam. For additional help visit www.ring.com/help.
- 2** Ring Video Doorbell: Offers a wide range view of your front door and entry way using the built-in HD camera with 180° FOV and offers two-way talk.
- 3** Stick Up Cam: Find an area(s) around the outside of your home that covers a significant portion of the perimeter of your property (fence into your yard).
- 4** Your Stick Up Cam acts as a trip wire for motion alerts when it detects heat signatures of moving objects. It also offers two-way talk.
- 5** Using your Ring app set optimal motion alerts and recording settings for both.
- 6** Share with your neighbors that you have secured your home!
